

**REMARKS**

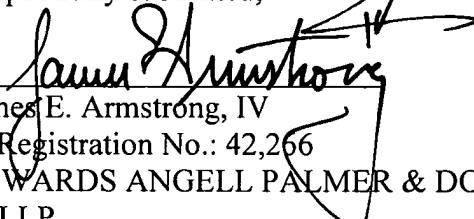

The specification has been amended in order to more particularly point out and distinctly claim the subject matter to which the applicants regard as their invention.

The present amendment incorporates the amendments under Article 34 made during the PCT International Stage. The English-language translation of Article 34 amendments is enclosed herewith. Also, the present amendment was made in order to remove improper multiple dependent claims and multiple dependent claims.

In view of the above amendment, applicant believes the pending application is in condition for allowance.
